

## **TERiX Awarded Retail Deployment Project**

Sunnyvale, CA – August 11, 2016

TERiX Computer Service was awarded a contract from a large Systems Integrator (SI) for delivery of Deployment services for a large Retail Industry client.

“Augmenting our traditional data center maintenance service portfolio, deployment services are just one more example of the type of professional services that clients need and that TERiX is positioned to deliver”, stated Bernd Appleby, TERiX CEO. Awarded in June 2016, the contract involves site surveys, network wiring and hardware installation at about 1000 locations in North America.

TERiX is known mainly for its world-wide data center hardware support services, providing expert server-storage-network support in the US & 48 countries. “This win, the second large contract of its type closed in 2016, shows that we have further honed our model to meet industry needs”, added James Olding, TERiX COO.

As enterprise level customers and their partners look for expert professional service delivery capabilities at the push of a button, TERiX is positioned to help them succeed.
